"The Edge" was created in 2004 by MR. Leo Prinsloo.

Mr. Prinsloo served 17 years in the South African Police Service. Twelve of these years were spent in the SAPS Special task force unit. This is a counter terrorism unit. Mr. Prinsloo served this unit not only as an operator but also as an elite marksman (sniper).

The Edge Shooter Training Academy is a Private Company with Experienced Trainers, with Special Forces and SAPS backgrounds who will train you to be safe, respond quick and be effective with your firearm!

VISION:
To establish an environment for firearm owners to be skilled and to become SAFE, CONFIDENT AND COMPETENT with their firearms and to have a realistic chance in defending themselves against criminals! The Edge Shooter Training Academy focuses on realistic techniques, which will save lives when the adrenaline flows.

MISSION STATEMENT:
Our mission is to provide:

Professional training for firearm owners in a SAFE, FUN and CONTROLLED environment by highly trained, and experienced trainers. Through repetition, skills and abilities will be established and honed. Progression will be step by step to a level where life saving skills will become assured and instinctive.

Mr. Prinsloo has presented training internationally in both "Abu Dhabi" and "Mexico". Locally some of the companies he has been involved with training includes:

- Monitornet – Armed response
- SBV – Cash in transit
- DTC – Diamond protection unit
- Royal Bafokeng – Rapid Response & VIP Protection unit
- Tacmed – Tactical medical personnel
- TSU Protection Services – Executive protection
- NPA – National Prosecution Authority
- ADT - Security Company

"The Edge" is purely a training provider and is registered with SASSETA.

"The Edge" offers unit standard based training as well as specialized training programs that are needed by special units in both Law enforcement and Private security. “The Edge” offer you a product, not learned from books, but a product that has evolved from years of operational experience and training a variety of specialized units. You now have the opportunity to train yourself or your company to gain “the edge".
